

General Reminders

- A minimum of a 3.0 GPA must be maintained to be in good academic standing and to be eligible to graduate
- Most courses are 2-unit or 4-units. Occasionally a 3-unit course exists as an elective option. Taking a 3-unit class can result in a student needing to take more than the minimum number of units needed to graduate.
- At least two-thirds of your coursework must be at the 500-level or higher.

This is not a comprehensive list of requirements.
Review the [USC Catalogue](#) for Official Degree Requirements

Students working full-time should only enroll in 4 units. Please reach out to your advisor on the [Advise USC platform](#) if you have any additional questions.

Please direct advisor questions to on the [Advise USC platform](#). Due to the high number of requests at this time, it may take up to 3 business days to receive a response. Refrain from following up on an email as that will delay response time.

MSCE – Construction Engineering (DEN) 28 Unit Minimum

Please enroll in the required courses unless you have completed them in a prior semester. If required courses have been completed, please enroll in the appropriate number of electives to reach the 8 units required to maintain full-time enrollment. Remember: working students should only enroll in 4 units.

Choose One

- CE 501: Architecture, Engineering and Construction Practices (4 units)
- CE 569: Project Controls (4 units)

CE 501 will be offered as a summer course. If you are interested in taking a summer course, do not register for CE 501 in Spring 2025.

If required courses have been completed, choose any approved electives below.

- CE 499: Construction Enterprise Risk Management (2 units)
- ENE 505: Energy and the Environment (4 units)
- CSCI 455x: Introduction to Programming Systems Design (4 units)
